

Lista substantelor interzise 2019

CORTICOSTEROIZI

Aclomethasone	Flumetasone (flumethasone)
Amcinonide	Flunisolide
Beclomethasone	Fluocinolone
Betamethasone	Fluocinolone acetonide
Budesonide	Flucortolone
Ciclesonide	Fluoprednidene
Clobetasol	Fluorometholone
Clobetasone	(Fluprednisolone)
Clocortolone	Fluticasone
Corticosterone	Halcinonide
Cortisone	Halobetasol
Cortivazol	Halomethasone
Deoxycorticosterone	Hydrocortisone
(Desoxymethasone)	Isoflupredone
Desonide	Meprednisone
Desoximethasone	Methylprdnisolone
Dexamethasone	Mometasone
Dichlorisone	Paramethasone
Diflorasone acetate	Prednisolone
Diflucortolone	Prednisone
Flouroprednisolone	Triamcinolone
Fluandrenolide (Fluandrenolone,	Triamcinolone acetonide
Fludrocortisone (Fluorocortisone)	Triamcinolone hexacetonide
Fludroxycortide)	

Orice corticosteroid sau derivati care indica administrarea corticosteroizilor sunt complet interzisi, chiar daca nu sunt explicit mentionati in aceasta lista.

BRONHODILATATORI, INCLUSIV BETA-RELAXATORI

Acefylline	Ipratropium (bromide)
Aformoterol	Isoetharine
Albuterol	Isoproterenol (Isoprotorenol)
Aminophylline	Levosalbutamol: levabuterl
Bambuterol	Mabuterol
Bamifylline	Metaproterenol
Bitolterol	Orciprenaline
Carbuterol	Pirbuterol
Cimaterol	Procaterol
Clenbuterol	Propentofylline
Cromolyn	Proxiphylline
Diprophylline	Ractopamine
Dopexamine	Repro Terol
Ephedrine	Rimiterole
Epinephrine (racemic Epiniphrine)	Salbutamol
Etamiphylline	Salmeterol

Ethylnorepinephrine	Terbutaline
Fenoterol	Tiotropium
Formoterol	Tulobuterol
	Zilpaterol

Orice beta-relaxatori sau bronhodilatatori, sau derivati care indica administrarea acestora sunt complet interzisi, chiar daca nu sunt explicit mentionati in aceasta lista.

STEROIZI ANABOLICI

17-Alpha-Hydroxy Progesterone	Methandrostenolone
Androstenediol	Methasterone
Androstenedione	Methenolone
Bolandiol	Methyl (-1) testosterone
Bolastero	Methyldienolone
Boldenone	Methylnortestosterone
Boldione	Methylprogesterone
Calusterone	Methyltrienolone
Clostebol	Metribolone
Danazol	Mibolerone
Dehydrochloromethyltestosterone	Nandrolone (NT)
Dehydrochlorotestosterone	Norandrostenediol
Desoxymethyltestosterone	Norandrostenedione
Dihydrotestosterone	Norbolethone
Dromostanolone	Norclostebol
Drostanolone	Norethandrolone
Epiternbolone	Normethandrolone
Estranediol	Oxabolone
Estrone	Oxandrolone
Ethinylestradiol	Oxymesterone
Ethylestrenol	Oxymetholone
Fluoxymesterone	Para Metha Dione
Formebolone	Progesterone
Furazabol	Prasterone
Gestrinone	Prostanozol
Hydroxytestosterone	Quinbolone
Melengesterol	Stanozolol
Mestanolone	Stenbolone
Mesterolone	Testosterone
Methallenestril	Tetrahydrogestrinone (THG)
Methandienone	Tibolone
Methandriol	Trenbolone

Orice anabolizant sau derivati care indica administrarea steroizilor anabolizanti sunt complet interzisi, chiar daca nu sunt explicit mentionati in aceasta lista.

SUBSTANTE ANTI-INFLAMATOARE NON-STEROIDALE - SAINS

Acemetacin	Indoprofen
Alclofenac	Anti
Ampyrone	Kebuzone
Antipyrin	Ketoprofen
Anti	Ketorolac
Apazone	Lornoxicam
Azapropazone	Meloxicam
Benorilate	Mesalamine (mesalazine)
Benoxaprofen	Metamizole (dipyrone)
Benzydamine	Methoxyphenamine

Biphenamine	Methylsalicylic acid
Bromfenac	Mofebutazone
Bufexamac	Nabumetone
Carprofen	Naproxen
Celecoxib	Niflumic acid
Cicloprofen	Nimesulide
Cinchophen	Noramidoperine
Clonixin	Oxaprozin
Deracoxib	Oxyphenbutazone
Diclofenac	Phenylbutazone
Dimethyl Sulfone (Dimethyl)	Piroxicam
Dimethyl Sulphoxide (DMSO)	Pirprofen
Dipyrone (metamizole)	Propyphenazone
Eltenac	Proquazone
Etodolac	Rofecoxib
Etoricoxib	Salicylamide
Felbinac	Salicylic acid
Fenbufen	Sulindac
Fenclofenac	Suphone)
Fenclozic acid	Suxibuzone
Fenoprofen	Tepoxalin
Fenspiride	Tiaprofenic Acid
Feprazone	Tolfenamic acid
Firocoxib	Tolmetin
Floctafenine	Anti
Flufenamic acid	Vedaprofen
Flunixin	Zomepirac
Flurbiprofen	Mavacoxib
Indomethacin	Robenacoxib
Lumiracoxib	Cimicoxib
Meclofenamic acid	Acetate salicylic acid

Orice SAINS sau derivati care indica administrarea SAINS sunt complet interzisi, chiar daca nu sunt explicit mentionati in aceasta lista.

HORMONI SINTETICI SI PROMOTORI DE CRESTERE

(pro-hormoni, gonadotropine, diluanti de sange si toti derivatii)

Adrenochrome
Adrenocorticotropic hormon (ACTH)
Aldosterone
Altrenogest
Amidephrine
Amisulpride
Amitriptyline
AMPK activatori
Anisindione
Aromatase inhibitors
Chlormadinone acetate
Clomiphene
Coroxon
Delmadinone acetate
Diphenadione
Efaproxiral
Erythropoietin (EPO) si orice substanta stimuloare a eritropoiezei
Factori de crestere
Hormoni de crestere (GH) (Hormon de crestere si orice factor de eliberare, stimulare a hormonilor de

crestere)

Gonadotropina umana (hCG)

Analogi ai hemoglobinei

Insulina si derivati

Levothyroxine

Inhibitori ai miostatinei si relaxatori Raloxifene

Modulatori receptori ai estrogenului selective (SERMs), si alte substante anti-estrogene

Tamoxifen

Toremifene

Transportori de oxigen (oxygen carriers)

Octacosactide

Tetracosactide

Buserelin

Gonadorelin

Deslorelin

Peforeline

Pregnant mare serum gonadotropin (PMSG)

Orice hormoni sintetici sau promotori de crestere, sau substante derivate ale acestora sunt complet interzisi, chiar daca nu sunt explicit mentionati in acesata lista.
